

Highway Department

Camden, N. J.

Camden, N. J.,

MAY 24 1923

191

DEAR SIR:

You being the owner or reputed owner of the property No. 320

Cherry St

and as it is the intention of this Department to
pave said street from *3rd to 4th Sts*

you are hereby notified to make all connections with sewer, gas and water mains, and lay pipes to a point within the curb line within thirty days from the date hereof, in pursuance of the following provisions of an Ordinance entitled, "An Ordinance requiring the owners of land fronting on any street to make connections with sewer, gas and water mains and lay pipes to a point within the curb line, passed September 14, 1893, viz: that prior to the paving, macadamizing or otherwise improvement of any street, highway or alley, or any part thereof, it shall be the duty of the Commissioner of Streets of said City, and he is hereby directed and required, to notify the owners of said real estate fronting on any such street, highway or alley, or any part thereof, to make connections with the culvert, gas and water mains laid in said street, and lay such pipes or drains as shall be approved by the Engineer of Sewers of said City, from the said sewer or mains to and within the curb."

Respectfully yours, etc.,

To

Antonio Fugaro

C. P. SHERWOOD
Street Commissioner.

*A notice of the first
paving of 320 Cherry Street, Camden.*
